

## Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

Read more about Early Journal Content at <http://about.jstor.org/participate-jstor/individuals/early-journal-content>.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact [support@jstor.org](mailto:support@jstor.org).

12. The premium shall consist of an oval plate of solid standard gold, of the value of ten guineas; on one side thereof shall be neatly engraved a short Latin motto, suited to the occasion, together with the words—The premium of John Hyacinth de Magellan, of London, established in the year 1786. And on the other side of the plate shall be engraved these words. Awarded by the A. P. S.—for the discovery of—  
A. D.—

And the seal of the society shall be annexed to the medal, by a ribbon passing through a small hole at the lower edge thereof.

---

## DONATIONS
